

Anderson Regional Joint Water System Staff Receive District and State Awards

The Blue Ridge Foothills District of the Water Environment Association of SC has recognized Mr. Bill Marchbanks as Water Treatment Plant Operator of the Year and Mr. Will Drake as the Laboratory Analyst of the Year. Mr. Marchbanks has worked at the Lake Hartwell Filter Plant for 31 years. Mr. Drake has over 30 years in water treatment starting with the Town of Williamston, Duke Water

Operations, and then the Joint Water System's Lake Hartwell Filter Plant.

Anderson Regional Joint Water System is committed to providing residents with a safe and reliable supply of high-quality drinking water. As evidenced by these awards, the Joint Water System is operated by committed, highly trained and state certified staff.

L-R... Bill Marchbanks--Water Treatment Operator of the Year,
Will Drake—Laboratory Analyst of the Year,
David Melton—Water Treatment Plant Superintendent

After receiving the above award, Mr. Marchbanks was presented the Water Operator of the Year award for the State of South Carolina by the Water Environment

Association of South Carolina at the SC Environmental Conference on March 24, 2009
